# WELCOME TO AMWC SOUTHEAST ASIA IN BANGKOK

Dear Esteemed Colleagues,

We are delighted to invite you to the **AMWC Southeast Asia**, scheduled to take place in the dynamic city of Bangkok from November 21-22, 2024, with a post-congress course on November 23.

In celebration of a remarkable 16-year legacy of collaboration, Informa Medical Aesthetics and the Dermatology Society of Thailand (DST) have partnered once more to bring the esteemed AMWC to Bangkok, in collaboration with A4M. We are thrilled to host this prestigious event in Southeast Asia.

This event marks a historic milestone, and we warmly invite you to join us. Our comprehensive agenda will provide a global perspective on aesthetics and anti-aging, spotlighting the latest techniques and treatments. The program will showcase advancements in both aesthetic approaches and anti-aging therapies, focusing on holistic patient care.

Additionally, we will highlight the rapid growth of the Asian aesthetic market, recognizing its potential to lead global trends. Staying abreast of these developments is crucial for all professionals in the field.

Moreover, the conference will feature an expansive exhibition with leading exhibitors eager to showcase their latest products and technologies. This presents an excellent opportunity for attendees to explore cutting-edge innovations, network with industry pioneers, and gain valuable insights into the future of aesthetic medicine and anti-aging.

Join us for this must-attend event where you can connect with experts, explore innovative products, and contribute to the advancement of our field.

We look forward to welcoming you in Bangkok.

### COURSE DESCRIPTION

Throughout the day, participants will engage in expert-led lectures covering facial anatomy as it relates to injectable treatments, patient assessment techniques, and advanced injection methodologies. Live demonstrations by leading physicians

will provide invaluable insights into technique refinement and safety protocols, with opportunities for interactive discussion in small groups.

Designed to equip participants with practical skills and knowledge,

this course serves as a valuable resource for both newcomers and experienced practitioners looking to enhance their expertise in full face rejuvenation procedures.

### COURSE OBJECTIVE

#### 1. COMPREHENSIVE LEARNING EXPERIENCE

- Gain in-depth knowledge through expert-led lectures on the latest techniques in full face rejuvenation, patient assessment, and safety protocols.
- Learn from multiple experts as they demonstrate advanced injection techniques across different facial zones.

#### 2. INTERACTIVE AND PRACTICAL INSIGHTS

- Engage in interactive discussions during live demonstrations, allowing for a deep dive into the nuances of each technique.
- Benefit from personalized feedback and practical tips from experts, enhancing your ability to deliver exceptional results in your practice.

#### 3. UNIQUE CLOSE OBSERVATION OPPORTUNITY

- Closely observe full face rejuvenation treatments performed by various experts in small groups.
- Witness different techniques and approaches for each facial zone, with ample opportunity to ask questions and discuss details in real-time.
